

Notifiable communicable diseases and pathogens

Overview 2025

Anthrax <i>Bacillus anthracis</i> 	COVID-19 SARS-CoV-2 	Gonorrhoea <i>Neisseria gonorrhoeae</i> 	Influenza, new subtype Influenza A virus, HxNy (potentially pandemic) 	MERS MERS-CoV 	Shigellosis <i>Shigella</i> spp. 
Botulism <i>Clostridium botulinum</i> 	Creutzfeldt-Jakob disease Prions 	Haemophilus influenzae-diseases, invasive 	Influenza, seasonal flu Influenza viruses 	Mpox Mpox-Virus 	Syphilis <i>Treponema pallidum</i> 
Brucellosis <i>Brucella</i> spp. 	Dengue fever Dengue virus 	Hanta fever Hantavirus 	Crimean-Congo fever Crimean-Congo virus 	Plague <i>Yersinia pestis</i> 	Tetanus <i>Clostridium tetani</i> 
Campylobacteriosis <i>Campylobacter</i> spp. 	Diphtheria <i>Corynebacterium diphtheriae</i> and other toxin-producing corynebacteria 	Hepatitis A Hepatitis-A-Virus 	Lassa fever Lassa virus 	Pneumococcal diseases, invasive <i>Streptococcus pneumoniae</i> 	Rabies Rabies virus 
Carbapenemase-producing Enterobacteriaceae (CPE) 	Ebola virus infection Ebola virus 	Hepatitis B Hepatitis-B-Virus 	Legionnaires' disease <i>Legionella</i> spp. 	Smallpox Smallpox virus 	Trichinellosis <i>Trichinella spiralis</i> 
Chikungunya Fever Chikungunya virus 	EHEC infection EHEC, STEC, VTEC 	Hepatitis C Hepatitis-C-Virus 	Listeria <i>Listeria monocytogenes</i> 	Poliomyelitis Poliovirus 	Tuberculosis <i>Mycobacterium tuberculosis</i> complex 
Chlamydia <i>Chlamydia trachomatis</i> 	Tick-borne encephalitis (TBE) Tick-borne encephalitis virus 	Hepatitis E Hepatitis-E-Virus 	Malaria <i>Plasmodium</i> spp. 	Q fever <i>Coxiella burnetii</i> 	Typhoid/Paratyphoid <i>Salmonella typhi</i> /paratyphi 
Cholera <i>Vibrio cholerae</i> 	Yellow fever Yellow fever virus 	HIV-Infection/AIDS Human immunodeficiency virus 	Marburg virus infection Marburg virus 	Rubella Rubella virus 	West Nile Fever West Nile virus 
			Measles Measles virus 	Salmonellosis <i>Salmonella</i> spp. 	Zika virus infection Zika virus 
			Meningococcal diseases, invasive <i>Neisseria meningitidis</i> 	SARS SARS-CoV
