GLOBAL PROGRAMMING INSTRUCTIONS

TEXT

- ANY TEXT RESPONSES COLLECTED SHOULD BE FORWARDED IN A MICROSOFT EXCEL SPREADSHEET MATCHED BY UNIQUE ID (QID.)

WEB VS. PHONE

- The “(DO NOT READ)” response options should be shown in phone only unless otherwise specified
- Questions marked with “(PN: MAKE A GRID)” should be shown in the web survey on one screen in a user-friendly grid
- In the WEB program, respondents should be able to “skip” any questions and be coded as 9. Phone respondents should have a response for every question they are asked (i.e., not skipped due to a skip pattern).
- Interviewer notes and instructions should be shown in the phone program only, unless otherwise specified.
- Some interviewer notes/instructions should be modified and be shown to all respondents for web. These will be denoted with “(WEB NOTE ONLY:...)” These notes should be placed below the question-text in italic font.

NON-RESPONSE CODES

- BLANKS ARE DENOTED BY A 9 AND CORRESPOND TO SKIPS AT A GIVEN QUESTION IN THE “WEB” MODE
- CODES IN THE “PHONE” MODE MARKED WITH A “V” OR “VOL.” STAND FOR “VOLUNTARY” AND SHOULD NOT BE READ TO RESPONDENTS

MULTIPLE - RESPONSE

- We will NET the new ‘Multi-punch’ code with “Not sure” for all cases where “Not Sure” is offered as an option as a separate variable.
- Implement a hierarchy for the few questions where a hierarchy may be warranted. On questions where a hierarchy is implemented, SSRS will create a separate variable in which the multiple-response options will be reassigned according to the hierarchy that is put in place.

GLOBAL WEB PROGRAMMING NOTES:

- **2023 International Health Care Experiences Study**
- Respondents should be allowed to skip every question
- Header on every page should contain the client official logo(s)
- The body of the page (question area) should be WHITE
- Please code any skipped/left blank response for a question a respondent saw as a 9 and code all programmatically skipped question as missing or with no code.
- Footer – light grey background for all pages other than landing page – smaller text font – should contain the following information:

NOTE: THE FOLLOWING QUESTIONS WERE USED FOR GERMANY'S SELECTION PROCESS AND REPLACE SC2-SC5 AND CP1-CP3 IN GERMANY ONLY.

In order to determine exactly who should be interviewed in your household, we first have a few short statistical questions. Would you be so kind as to tell us how many people aged 18 and over live in your household, including yourself?

If necessary: This theoretically gives every household member the same opportunity to take part in our survey. The aim is to achieve the best possible image of the population in the Federal Republic! All household members who live and work together and who finance their livelihood together are to be included.

yes 01

no 02

In order to be able to make a selection, I would need the age and gender of these people from you. Please start the information with yourself and then proceed in order, starting with the youngest person.

Our random sampling identified the <SELS>-year-old <BER1>e person in your household who is to be interviewed. Is that you or can you get the person on the phone?

10: KP (contact person) is ZP (target person)

11: KP gets ZP

- 12: KP: ZP not there/ can't at the moment - make an appointment => /CB
 13: KP refuses on behalf of ZP => /END
 14: KP: TP is definitely/permanently unable to answer (illness; etc.) => /END

To protect your interest and to inform you what you agree on, I must inform you that your answers in this interview are covered by the “The Public Access to Information and Secrecy Act” under 24 8. At publication, we present information in such a way that no answer can be traced back to you. The personal data we save from this interview are only your answers and your phone number. You can contact them if you have any questions about the survey or information saved.

results - i.e. your answers - and will be deleted immediately after the interview has been completed. The Robert Koch Institute only receives the survey results for scientific evaluation in an anonymous form and therefore without any conclusions about your person. Of course, you can also not answer individual questions at any time if you wish. If you do not participate, you will of course not suffer any disadvantages. Further information on data protection and the content of the study can also be found on the Robert Koch Institute website at www.rki.de/ihp. You can cancel the survey at any time. In this case, we will delete all data that has already been collected. Are you over 18 and would you like to take part in this survey?

On request: The interview lasts about 20 minutes, depending on your personal situation. Upon request: Withdrawal: As soon as the interview has been completed and your telephone number has been deleted, the data record can no longer be assigned to you personally.
